

1. PROGRAM OVERVIEW

Room to Read and the implementation partner organization BAS Nepal are being to implement the Girls' Education Program Participants (GEPP) by Sept 2024 to Jun 2025. This Program helps girls build skills to succeed in Primary and secondary school and make key life decisions by providing life skills curriculum, opportunities for mentorship and peer support, and family and community engagement. The program will deliver additional remote solutions that leverage local logistical infrastructure, broadcast media networks and internet-based technologies to facilitate learning beyond the classroom. Room to Read collaborates with local communities, partner organizations and governments to test and implement innovative models that can be integrated into the education system to deliver positive outcomes for children at scale. This program will run in 4 local Palikas of Banke district Khajura Rural Municipality, Kohalpur Municipality, Baijnath Rural Municipality and Rapti Sonari Rural Municipality. The program will support girls to continue school and learn life skills through Life Skills (LS) and Group Mentoring sessions.

2. ORGANIZATION PROFILE- ROOM TO READ

Founded in 2000 on the belief that World Change Starts with Educated Children®, Room to Read is creating a world free from illiteracy and gender inequality. We are achieving this goal by providing support during the two most critical time periods in a child's education: primary school for literacy acquisition and secondary school for girls' education. Our Literacy Program trains and coaches teachers, creates quality books and curricular materials and establishes libraries filled with diverse children's books in local languages that can be enjoyed at school or home. Our Girls' Education Program helps girls build skills to succeed in secondary school and make key life decisions by providing life skills curriculum, opportunities for mentorship and peer support, and family and community engagement. We deliver additional remote solutions that leverage local logistical infrastructure, broadcast media networks and internet-based technologies to facilitate learning beyond the classroom. Room to Read collaborates with local communities, partner organizations and governments to test and implement innovative models that can be integrated into the education system to deliver positive outcomes for children at scale.
